# Welcome Back

- NEW Year NEW Things
  - COVID
    - Current COVID is not the COVID we started with.
      - Milder symptoms
      - Lower chance of being extremely sick
    - If you are vaccinated it protects you from serious infection and the effects that go with it.
    - Anxiety driven Fear is causing more damage than a COVID infection for the vaccinated.
    - Symptoms are so mild for the vaccinated that the treatment is to stay home and treat it the same as a cold or flu. Those that do go to the hospital with these mild symptoms are being sent home with the new pills.

# Communications Status

System Tested had some issues at 13, 2 and 8

- 13 Retested moved antennas
  - Added High Gain Antenna
  - Added RT-76 5-Watt for outlying areas
- 2 needs some retesting and may need a high gain antenna
- 8 Still needs retesting and siting of antenna at Conex box.

# Training Status

## 1) New Computers

1) 5 New to us Dell I7 laptops now with division chiefs.

1) All have GIS

2) All have Training Library

3) All have Academy Library

## 2) Training Sticks

1) RNA Video (Your stick should have this video)

## 3) Academy

1) Sept , Oct, Nov 2021 Approx 50 new CERTS

2) January 2022 13 New Certs

## Subject: NEW CERT TITLES

Good Morning Emergency Managers, Police Chiefs, Fire Chiefs, Sheriffs, Tribal Leaders, CERT Members, I wanted to give you a friendly reminder that as WA. State Citizen Corps / CERT Program Coordinator I'm adopting the New CERT Qualifications & their titles effective Jan 1, 2022. I know some teams have notified me that they are going to adopt the new qualifications and move forward with knocking off the required courses within the task books and qualifications. **PLEASE BE ADVISED, no CERT Team has to switch over and start doing the new requirements, The ONLY thing that I'm asking of all teams is this; you can only use one of three titles within the CERT Teams, 1) CERT Section Chief, 2) CERT Team Leader, 3) CERT Volunteer. This will help when CERT Teams respond to assist.** At no point are you required to do the rest of the list, I'm enclosing the new task books and qualifications for you to forward to all your teams, if you have any questions please don't hesitate to reach out, my objective here is not to make it hard on any team or organization. Thank you for your help and time with this matter.

## What Do CERTs Learn?

**Everyone learns basic skills at first. Each team meeting expands and extends our basic knowledge.**

The CERT training consists of 24 hours of instruction over a three-week period. Classes are taught by FEMA-certified instructors. The course includes the following topics:

- Introduction to local disaster planning
- Basic fire suppression
- Disaster medical operations and principles of triage
- Head-to-toe patient assessment and basic first-aid
- Light, urban Search & Rescue skills
- Disaster Psychology
- Team organization and documentation
- Terrorism
- Disaster simulation

## Who We Are

CERT members are your friends, neighbors, co-workers, and trained professionals who have chosen to volunteer their valuable time and resources to make a difference in our local community. They have completed the FEMA-sponsored Community Emergency Response Team (CERT) training program which has prepared them to respond to possible emergency situations in our immediate area. When deployed as Washington State Emergency Workers, CERT volunteers serve by augmenting and providing critical mission support to our very limited numbers of professional First Responder personnel. CERT members may also be called upon to assist with non-emergency activities that help to improve the safety and well-being of everyone here on the Olympic Peninsula. Perhaps you would like to join us?
